Re: Nominations for Honorary Degree Recipients

Colleagues,

We are writing to you to request your participation in nominating a candidate for an Honorary Degree from Lincoln University.

Do you know of a distinguished individual whose achievements and/or contributions to society on the state, national, or international levels justify them for an honorary doctorate degree from Lincoln University? If so, the Honors, Awards, and Honorary Degrees Committee is requesting you to write a brief explanation describing why Lincoln should recommend the individual for an honorary degree. If possible, it is also requested that you submit a detailed curriculum vitae, Who's Who entries, reviews, or articles about the nominee's work, and/or list major awards of the individuals. Nominations are encouraged from various areas, including scholars, artists, social activists, alumni, or philanthropists.

All nominations submitted will receive review by the Honors, Awards, and Honorary Degrees Committee. If a nomination is deemed appropriate, the nominator may be asked to assist the committee in completing the justification for the recommendation.

Please submit your nomination materials by **October 12, 2020** for consideration for 2021 awardees. Nominations received after this date will be considered for the next vacancies for the honor.

Please submit your nominations to:
Dr. Carla Gallagher – cgallagher@lincoln.edu
Chair, Honors, Awards, and Honorary Degrees Committee
