Alumni
Directory
1969**

There will be some inevitable omissions and errors in this listing. The time lag between receipt of information and the compilation of it into this directory makes almost certain that some alumni will have relocated and/or changed jobs. Some alumni were not heard from, and their addresses in our files are dated or even incorrect. In the interest of keeping files and records current, the Public Information office would appreciate notification of any incorrect or missing information.

The class year listed is the year in which the degree was granted.

The Lincoln family tree is growing taller and stronger. Its branches reach into every state, into every stratum of society, and its shadow falls across the government, business, and academic communities. Its shade knows no boundaries and fans across oceans.

Yet, as the Lincoln family grows, its roots remain here on the campus. Year after year alumni return, some on solitary pilgrimages, others in the rush of commencement. The various college offices are contacted. Professors and administrators receive a stream of calls, letters and Christmas cards.

This directory represents nearly two years' work and the combined effort of the offices and personnel of the college. Over 5600 alumni have been traced and placed by checking through a multiplicity of files, notes, correspondence, and through returns of questionnaires from alumni themselves. It is the first directory since 1954 and is nearly twice the size of that listing.

We here at Lincoln are proud of our growing family and a bit amazed at its size. Like the tree at the foot of the Lincoln soccer field, the Lincoln family tree is a source of pride and comfort and a joy to behold in every season.

A handwritten signature in cursive script that reads "Marvin Wechsman". The signature is fluid and elegant, with a large initial "M" and a long, sweeping underline.

President of Lincoln University
