LINCOLN UNIVERSITY

GENERAL STATEMENT

Lincoln University was founded by the Rev. John Miller Dickey, a Presbyterian minister of Oxford, Pa. It was first chartered as Ashman Institute in 1854. In 1866 the charter was amended and the name changed to Lincoln University. It has two departments: a College and a Theological Seminary.

The University is under the control of a self-perpetuating Board of Trustees consisting of twenty-one members. The College is non-sectarian; the Theological Seminary is under the control of the General Assembly of the Presbyterian Church in the United States of America.

The value of the equipment, buildings and grounds is estimated at \$350,000; and the productive funds total \$650,000.

The University owns 145 acres of land, part under cultivation and the rest used as a campus upon which are the following buildings: University Hall, The Mary Dod Brown Memorial Chapel, Livingstone Hall, Ashmun Hall, Lincoln Hall, Houston Hall, The Harriet Watson Jones Hospital, The McCauley Refectory, and The Vail Memorial Library. In addition there is a Gymnasium and Lavatory, a Central Heating and Lighting Plant, and twelve dwelling houses for professors.

Ashmun Church, founded by the Presbytery of Chester, is the church home of the students during their college life.

The Alumni Association of Lincoln University meets annually at the time of the College Commencement. President, Dr. George E. Cannon, 354 Pacific Avenue, Jersey City, N. J.; Secretary Rev. John T. Colbert, D.D., 623 West Lanvale St., Baltimore, Md.; Treasurer, Rev. John W. Lee, D.D., 741 South Seventeenth St., Philadelphia, Pa.

COURSE OF STUDY

The College offers a course of study of four years' duration leading to the degree of Bachelor of Arts. The College is approved by the College and University Council of the State of Pennsylvania.

ADMISSION TO THE FRESHMAN CLASS

In order to enter the Freshman Class a candidate must satisfy the College as to (1) Adequate preparation in the subjects required for admission; (2) The possession of qualities of mind and character required to pursue profitably a college course; (3) Sound health.

All candidates must present the following subjects:

English	3 units
History	1 unit
Latin	2 units
Algebra	1 unit
Plane Geometry	1 unit
Total	8 units

In addition seven units must be presented chosen from the following list: Latin, Greek, French, German, Spanish, Algebra, Solid Geometry, Trigonometry, History (not more than one unit) Physics, Chemistry, Botany, Geography, Zoology, Bible (not more than one unit). The definitions of these requirements made by the College Entrance Examination Board, 431 West 117th St., New York, N. Y., will be taken as standard. To obtain the document (No. 96) embodying these definitions fifteen cents in postage stamps should be sent to the Secretary of the Board at the address given.

Candidates may enter by certificate from approved secondary schools. A form upon which the school record may be entered can be obtained from the Dean. No certificate will be accepted unless the candidate has finished the course in the school from which he applies; no credit in advance of 15 units will be granted for the completion of the twelfth grade or its equivalent; the right to withdraw certificate privileges at any time is reserved.

Candidates may also enter upon examination provided that their teachers will certify that they are prepared to take the examinations in the subjects they have covered. The College will accept the examinations of the College Entrance Examination Board, the Education Department of the State of New York or any other authorized examining board. Examinations will be conducted at Lincoln University in the fall only. All who wish to take examinations at this time must make arrangement with the Dean.

Not more than two units of conditions will be allowed for conditional entrance into the Freshman class. These must be removed within the first year.

Candidates for advanced standing should apply to the Dean for special application blanks.

REQUIREMENTS FOR THE DEGREE

The requirements for the degree of A.B. are as follows:

In the Freshman year each student must take:

Bible	1 hour
English	3 hours
Mathematics	3 hours
Ancient Language	3 hours
Ancient or Modern Language	3 hours
Free Electives	3 or 4 hours

In the Sophomore year each student must take:

Bible	1 hour
Physics	4 hours
Ancient Language	3 hours
Ancient or Modern Language	3 hours
Free Electives	4 or 6 hours

In the Junior and Senior Classes the courses are grouped in the following three divisions:

1. Ancient and Modern Language, including English.
2. History, Political Science, and Philosophy.
3. Natural Science and Mathematics.

Beginning with Junior year, in addition to the two required hours of Bible (one in the Junior year and one in the Senior year), each student must plan his course as follows: From one division twelve year-hours are to be selected, from one of the others six year-hours are to be selected, and the remaining hours are free electives.

In administering the foregoing requirements the following regulations will be observed:

The hour means a sixty-minute period per week for a year, except in the case of laboratory work when the hour will be one one hundred and twenty minute period per week for a year.

After the Freshman year an average of 16 hours per term (one-half year) is required, and no student is allowed to take less than 14 hours per term except by special permission of the Faculty.

A course that runs continuously through the year must be elected for the year.

Students conditioned in three studies with three different instructors shall be dropped.

Any student taking an examination out of the regular time shall be assigned to the group next lower to that to which he would be entitled, unless excused by the Faculty.

Conditions must be removed within a year after being incurred or no credit shall be allowed for the course. Not more than two trials are allowed any student to remove a condition.

Any student reported absent, whatever be the reason for his absence, more than 35 times from class-room exercises in a single term, shall be required to repeat the term, unless the Faculty vote otherwise. Absence from individual courses, if they exceed a stated number, shall result in reduction of credit.

A student is enrolled in the Freshman class until he has completed 13 year hours and removed all entrance conditions; in the Sophomore class until he has completed at least 28 year hours; in the Junior class until he has completed at least 43 year hours; then in the Senior class.

Students delinquent in attendance, in character, and of bad influence shall be dropped.

The rank of a student in his class depends on his grade in his recitations and examinations; and on his punctuality and constancy in attendance upon all exercises of instruction.

The maximum mark in each study is one hundred; the minimum or passing mark is sixty per cent. The rank in each course or study is determined by the instructor, who divides the class into groups.

Each class is divided into five groups, of which the first indicates very high standing and contains ordinarily not more than 10 per cent. of the class, the second indicates high standing, and contains not more than 20 per cent. of the class; the third indicates fair standing, and contains not more than 50 per cent. of the class; the fourth indicates low standing; the fifth contains any members of the class who have not reached the passing mark and are therefore conditioned.

In an elective class the fractional parts mentioned above are fractional parts of the entire class and not of the number of students taking the elective.

The general group of a student is determined by multiplying each group number by the number of hours which the subject occupies in the weekly schedule and by dividing the sum of the products by the sum of the multipliers. Failures are reckoned as fifth groups. The limit for the first group is 1.30; for the second group, 2.20; for the third group 3.20; for the fourth group 4.20.

The first and second general groups in the Freshman, Sophomore, and Junior classes constitute the general roll of honor of the class, and are published in the University catalogue with the names

in each group arranged in alphabetical order. Special honors may be awarded during the course and at graduation to a student who has taken a very high standing in any department and who has completed satisfactorily any special work assigned by the professor in that department.

The commencement speakers are chosen as follows: the valedictorian is chosen from one of the first three general groups of the Senior class; after the valedictorian has been chosen the Latin salutatory is awarded to the student whose individual rank is highest; orations are then assigned to the class with special reference to their qualifications as speakers, as well as on the ground of scholarship, but one oration honor will be assigned on qualification for speaking alone apart from group standing.

PART III. THE THEOLOGICAL SEMINARY

FACULTY

President Rendall, Dean Labaree, Professors Carr, G. Johnson, W. H. Johnson, Carter, Kieffer, Labaree, Reinke. Instructor Franklin.

GENERAL INFORMATION CONCERNING THE SEMINARY

The aim of the Theological Seminary is to supply to qualified young men a thorough and practical theological training in order to fit them for service in the Gospel Ministry. The Seminary is under the control of the General Assembly of the Presbyterian Church in the United States of America; but young men of all denominations, seeking a preparation for the ministry, are welcomed to its privileges.

Applicants for admission should send to Prof. Robert M. Labaree, Dean of the Faculty of Theology, for an application blank.

Each applicant must be a member in good standing of an evangelical church, and must give evidence of fitness for the work of the Gospel Ministry. The Theological Seminary is considered a graduate school. Therefore all applicants under 26 years of age, must, in order to be admitted, have completed a Bachelor of Arts course or its equivalent in some accredited institution.

Candidates over 26 years of age, who manifest special fitness, may be admitted at the discretion of the Faculty, provided they have completed a standard high school course or its equivalent.

Applicants who have completed either in whole or part the courses of studies in other theological seminaries may be admitted to the class for which they are fitted, provided that they meet the above requirements, and bring certificates of work done and letters of honorable dismissal from the institutions in which they have studied. No graduate of any theological Seminary however shall be eligible to scholarship aid.

The Degree of Bachelor of Sacred Theology will be conferred upon the holders of the Bachelor of Arts degree or its equivalent, who complete creditably all the prescribed studies of the Seminary.

A diploma will be given to those who have been admitted to the Seminary on the basis of a preparatory high school course, on their completion of all the prescribed studies of the Seminary.

Any student fulfilling the entrance requirements may, subject to the approval of the Faculty, omit any study of the prescribed course, continue as a special student, and receive a certificate covering all the studies actually completed.

SEMINARY CHARGES

The following are the charges for the full year, representing the actual cost of the student to the Seminary:

Board for 30 weeks at \$4.00 a week	\$120.00
Room rent, including electric light and steam heat.....	25.00
Books	15.00
Medical Fee	3.00
Library Fee	3.00
Athletic Fee	5.00
Laundry	10.00
Total	<u>\$181.00</u>

All tuition charges are met by scholarship funds of the Seminary. The above charge of \$181.00 may be reduced by further scholarship aid; and further reduction may be made for service rendered to the University, for which payment will be made at a fixed rate. The minimum amount required in cash from each student is \$100.00, payable at the opening of the Seminary year, unless a special arrangement is made with the Dean of the Seminary.

A discount of 5% will be made to those who pay their bills in full in the opening month of the seminary year.

SEMINARY YEAR.

The Seminary year is made up of two terms; the first beginning with the opening of the University and closing with the Christmas holidays; the second beginning after the Christmas holidays and closing at the date set for the Theological Commencement in the University Calendar.

Examinations will be held at the close of each term. The students are graded on the same principle as students in the College department. Reports of each terms work will be rendered to each student by the Dean of the Seminary. These reports will also be made to Presbyteries and other properly constituted church authorities, when desired.

PRIZES

THE ROBERT SCOTT PRIZE IN ENGLISH BIBLE, consisting of fifteen dollars, is given to that member of the Senior Class, who passes the best examination upon the course in the English Bible of the Senior year. Awarded in 1919-20 to W. I. P. Roseborough.

THE MISS LAFIE REID PRIZE IN SACRED GEOGRAPHY, consisting of ten dollars, is given to that member of the Junior class who maintains the best standing in the course of Sacred Geography and passes the best examination. A second prize of five dollars is also given in the same subject. Awarded in 1919-20 to A. D. Williams and E. M. Lewis.

THE R. H. NASSAU PRIZE, consisting of fifty dollars, is given to that member of the Senior Class, whom the Faculty shall select as most fully exemplifying the ideal of the Theological Department of Lincoln University in scholarship and personality. The student selected shall present an essay of not less than 500 words based on the life and work of the donor, the Rev. Robert Hamill Nassau, M.D., S.T.D., of the West Africa Mission. Awarded in 1919-20 to Cornelius Kuatsha.

THE RODMAN WANAMAKER PRIZE IN ENGLISH BIBLE. Mr. Rodman Wanamaker gives at each semi-annual examination, three Bibles, one in each of the three classes, to those students who in the opinion of the Professor of the English Bible have done the best work. No one shall be eligible to take the prize twice in his University course. Awarded in 1919-20 as follows: Seniors, M. N. McLean. Middlers, M. C. Anderson and J. P. Stevens. Juniors, A. D. Williams and J. S. Coard.

RELIGIOUS SERVICES AND ACTIVITIES

The Seminary students enjoy all the religious privileges of the University. Voluntary devotional and mission study gives spiritual impulse, and community service affords practical outlet to the personal religious life of the students.

The Theological Lyceum, of which all theological students are members, meets every week.

THE COURSE OF STUDIES

Fifteen hours a week constitute normally full work, but additional hours may be taken by men who are qualified to do so. Many courses in the College are open to the Seminary students, and may be profitably pursued by qualified men. Such optional work is controlled by the Faculty.

Candidates for the degree of S.T.B. and for the diploma, must complete at least 45 year-hours of work, a year hour being one hour a week of lecture or recitation for one year. No student will be advanced into the Middle Class who has not completed at least 13 year-hours; and 28 years hours are required for entrance into the Senior Class. Work in elementary Greek cannot be counted in credit for year-hours. Absence from class exercises tends to reduce year-hour credits in the Seminary as in the College.
