Charge to Graduating Class

TO THE CLASS OF '38:

To those who have survived comes this occasion of rejoicing. The course traversed by the more hardy members of the class has been strewn with a strange admixture of fragrant flowers and prickly shrubs—sometimes leading through smooth paths of steady achievement or perchance carrying you over rough places or up the steep ascent of hard-won intellectual and moral conquests.

The years in intimate association with your comrades have proved the necessity and the difficulty of cultivating and preserving deep and unalloyed friendships in a world so charged with various kinds of egoisms and duplicity. New dreams have been awakened within you, new ideals have been formed, and perhaps in your moments of greatest inspiration, you have fore-visioned a new heaven and a new earth. Of greatest importance is the fact that the acquisition of information about the world has been coupled with an increasing awareness of your own function in the general scheme of human life.

You step forth into the larger world at a time when many forces (political, economic, and social) are contending for the loyalties of men. In every aspect of our national and international life there is insecurity, conflict and confusion. Into whatever realm of activity you may enter in the years immediately ahead, all of your important decisions and your significant choices will be made with reference to the problem of human freedom and economic and social justice in our own land and throughout the world. For good or for ill, there is no superman who has the detailed answer to the questions with which life will confront you. May it be, therefore, that in your associations among yourself, your fellow-student, and with the faculty, there have accrued to you during these years goodly portions of knowledge, understanding, and insight. May you have grown steadily from the frailties of early adolescence to the stability of early adulthood, from immaturity to maturity, from irresponsibility to responsibility, from weakness to strength.

You stand today as the immediate justification for the existence of your Alma Mater and its faculty. You are the culmination of our joint endeavors and the 1938 illustration of our wisdom and competency.

Time and circumstance now bid you enter the next stage of your life-fulfillment. Neither hesitate nor fear to take the next bold step. As students, as workers in the affairs of state, as laborers in the industry or commerce of the nation, as teachers of the nation's youth, stride forward in the strength developed within you during these years of happy concourse with men and ideas.

In memory and continued devotion you will be linked with Alma Mater. With high hope and warm affection we bid you move onward into "that untravelled world whose margins fade forever and forever as you move." Go forth to learn, to labor, and to live.

"Blondie" is the campus artist and sign painter. Coming to Lincoln from Howard Art School in our Junior year, he soon became an almost indispensable member of the class. He is very popular with both students and professors. After leaving Lincoln, "Blondie" will continue his art.

Omega Psi Phi

SAMUEL B. ALEXANDER ALEXANDRIA, VA.

C. I. A. A. Wrestling Champion, 3 years
Intramural Basketball.

"Sam", Cain and "Pimplehead" can usually be found on the campus together or off. "Sam" won three C. I. A. A. wrestling championships before he decided to retire undefeated. His sense of humor should be an asset to him in the profession of teaching.

Omega Psi Phi

HERMAN P. BAILEY ST. LOUIS, MO.

Football, 1-4, Captain, President of Varsity
Club; Basketball Manager, 4; Tennis, 1, 2,
4; Wrestling, 2, 4.

"Beak" came here from St. Louis and here he has been ever since—summer and winter. His experience as campus laundry man should teach him much about human personality and thus aid him either in business or teacher in the athletic field.

Kappa Alpha Psi

CHARLES F. BALTIMORE HARRISBURG, PA.

Football, 1, 2, 4; Track, 3, 4; Philosophy
Club.

"Balty" is one of our philosophers and connoisseurs. "Balty" was the mainstay of the Lions' line. He will be remembered for work in the Chemistry field by explaining such terms as the kinetic molecular hypothesis and the law of mass action as applied to ionic equilibrium. "Balty" plans to enter Howard Medical School next year.

Kappa Alpha Psi

CHARLES BLAKE BALTIMORE, MD.

Soccer, 1; Glee Club, 1, 2, 4.

Kappa Alpha Psi

KENNETH M. BROWN PLAINFIELD, N. J.

Football, 2; Basketball, 2, 4; Dramatics, 1.

"Ken" Brown is one of our nonchalant Seniors. "Ken" will always be remembered for bottling Willie Wynne in the Howard game in Orange. "Ken", "Smitty" and "Moe" Jones are the leading exponents of technocracy on the campus. He will follow social work after graduation.

Omega Psi Phi

WENDELL P. BROWN WILMINGTON, DEL.

Football, 1-4; Track, 1-3; Glee Club, 4; Boxing, 1.

Alpha Phi Alpha

EVERETT A. HEWLETT

BERMUDA HUNDRED, VA.

Track Team Manager, 4; Presbyterian
Group; Fireside Group.

Hewlett is one of the quieter men of the class. Perhaps this can be attributed to his ministerial inclinations. Because of his sincerity and obvious ability, we wish him success.

Phi Beta Sigma

ELLARD N. JACKSON CHARLOTTESVILLE, VA.

Football, 1-4; Track, 1, 2; Intramural
Basketball, 4.

Alpha Phi Alpha

RENOLD B. LIGHSTON, JR. JAMAICA, N. Y.

Lighston is one of the most reserved men in the Senior class, and he is also the class hermit. He is seen only at meal time and in class. Lighston, an honor student in the sciences, anticipates a career in medicine.

WILLIAM M. McELWAIN CHRISTIANA, PA.

"Mac" is one of our commuters as he lives only a short distance from Lincoln. The fellows say he knows every curve in the road from Christiana to Lincoln University. McElwain, a zealous student of religion, intends to enter the ministry. We wish him much success in the world of his chosen profession.

WILLIAM E. MADDOX SWARTHMORE, PA.

Football, 2; Track, 2.

"Kaiser" came to us from Swarthmore in his Sophomore year. Since that time he has found his place in the field of sports. He intends to be a Physical Education teacher.

ALVIN S. MASON, JR. SALEM, N. J.

Concert Orchestra, 3.

"Moo-Moo" prides the distinction of being the class baby. Why? Mason is interested in music, but speaking in a serious vein, he too is aspiring to follow in the footsteps of his father. He sees his future in the field of medicine.

Kappa Alpha Psi

JOSEPH D. ROULHAC THOMASVILLE, GA.

Student Council, 4; Y. M. C. A., 4; Football, 4; Forum, 3, 4; Intramural Basketball, 3, 4

The "Bob Burns of the Class of '38" has a never-ending store of tall tales that make him well-liked by the students and the young ladies of his acquaintance. Roulhac participated in extra-curricular activities and he was an excellent student. He hopes to study law at the University of Iowa next year.

Phi Beta Sigma

FREDERICK S. ROWLAND

FREETOWN, SIERRA LEONE

Rowland will be missed by many for he showed an unusual knowledge concerning the economic theories of this world. We hope he finds his field; maybe he will discover it in his graduate work in Biology and Chemistry at Cornell. We hope him much success in helping and improving the conditions of the Negro in both the economic and political fields in Africa.

CHARLES H. SMITH SUMMIT, N. J.

Glee Club, 1, 2; Motto Committee; Cheer Leader, 1, 2.

"Butch" is one of the playful members of the class. He is known to have a keen sense of humor. He likes to travel to the New England States. He plans to be an outstanding lawyer as the golden years drift by.

Alpha Phi Alpha

KENNETH SUMNER LINCOLNTON, N. C.

WARREN C. TAYLOR COLUMBIA, PA.

Football, 1-4; Track, 1-4; Intramural Council, 3; Wrestling, 1, 2, 3.

"Crude" Taylor is one of our valley boys. In spite of his glass shoulder and brittle ankles, he was very valuable to our football and track teams. We hope to see "Crude" matriculate at one of our medical schools.

Kappa Alpha Psi

JOHN R. WALKER BALTIMORE, MD.

Presbyterian Group, 3, 4; Intramural Football, 1, 2; Intramural Basketball, 3, 4; Soccer, 1; Beta Kappa Chi; Phi Kappa Epsilon.

RUTHERFORD B. WEST PHILADELPHIA, PA.

Picture Editor to The Lion Staff; Presbyterian Group, 3, 4.

West is one of the quietest men in the class. Coming to us in our Junior year from Fort Valley Junior College, he was soon an integral part of Pi Rho Nu. West will enter the teaching profession next term.

LLOYD M. WRIGHT ATLANTIC CITY, N. J.

Intramural Basketball, 3; Student Council, 3; Intramural Football, 1, 2; Intramural Track, 3, 4; Intramural Tennis, 3; N. A. A. C. P., 2, 3.

"Lord Pimplehead" is one of the noisiest members of the class. He is known better as "Boss" Wright. He is well liked by the members of his class. Lloyd intends to become a teacher in the near future.

Omega Psi Phi

CHARLES H. GUTHRIE STEELTON, PA.

Football, 1-4; Track, 4; Wrestling, 1-4; Wrestling Champion, 2, 3, 4; Captain of Wrestling Team, 4.

"Buster" represents one of the few who have taken part in year-round activities as it is seen in football, track and wrestling. We all know of his achievements in these sports. If "Buster" sticks to the rules of life as he did in athletics, success shall surely be his in whatever vocation he decides to enter.

The Student Council was formed in 1916. It was planned to give the students self government and to be a mediator between the faculty and the student body.

The Lincolnian

After two barren years, the Lincolnian is once again the most vital force for progress on our Campus. The current staff, through vitriolic editorials, has brought to light the most glaring problems of our student life. Several improvements have been made due to their crusading; a lounge in Lincoln-Ashman Dormitory, the organization of a Boys' Club for the Lincoln University Village Children, a Faculty-Student Library Committee, and the sponsoring of able men for the Student Council.

Y. M. C. A. Cabinet

The Y. M. C. A. of Lincoln University was established during the latter part of the Nineteenth Century, and has been actively engaged in student affairs, building character, and religious work ever since.

The "Y" cabinet is composed of eighteen students and is a self-perpetuating body, selecting its members from the general student body on the basis of Christian character, active participation in "Y" forums, scholastic achievements, and general deportment on the campus.

The objective of the "Y" is to build better Christian character on the campus and to aid in various religious services. Its broader aspects in connection with the National Body are to foster better interracial relations in the political, social, religious and economic fields.

The "Y" programs are diversified in their nature, weekly forums are held under the leadership of competent visitors, speakers with intimate contacts with world affairs are presented, and intermural contests and games are sponsored.

The officers of the Y. M. C. A. are:

The Lincoln University Musical Club

The Lincoln University Musical Club, organized in 1926 by its Director, James E. Dorsey, is composed of a Glee Club, a Choir and a Clarinet Quartette. The Glee Club is an advertising medium for Lincoln. This year the group added 2000 miles to its total mileage when it toured the Middle West with Chicago as its terminus. The group has made several radio engagements. Many of the students, who have been members of the Musical Club, have used their training which they received at Lincoln as a basis of their work and success in the field of music after leaving their Alma Mater.

The officers of the Musical Club are:

JAMES E. DORSEY, A.M., Mus.B.	<i>Director</i>
E. LEWIS FERRELL	<i>President</i>
BERNARD B. TILDON	<i>Vice-President</i>
MARTIN V. WATERS	<i>Secretary</i>
ORITON E. WILLIAMS	<i>Treasurer</i>
JOSEPH JEFFREY HIGGS, III	<i>Business Manager</i>
JAMES McCORMICK SIMS	<i>Librarian</i>

The Lincoln University Players

The Lincoln University players, under the supervision of Professor J. Newton Hill, have worked with a single purpose: "To produce the best in dramatics." The ever-growing liberal attitude of Lincoln University toward the drama has contributed largely to the progress of the ideal. More recently the group's attention has been turned to the consideration of contemporary problems. The group's influence has extended far beyond the boundaries of the immediate community.

Last year the players won the second prize in the N.I.D.A. tournament with the production of Gustav Wied's "Autumn Fires." Kenneth Dodson won the individual prize for acting. This year they have continued their work with the presentation of "Amaco" in November and December, a labor play in seven episodes by Martin Flavin. "Fraternal Bond" by John Caldwell, "The Crow's Nest" by William Manley, "Deed of Mercy" by Abram Hill, '38, and "Lovers' Meeting" by Laurence Housman were presented on February 28. "Lovers' Meeting" won the first award of merit at the Cultural Olympics at the University of Pennsylvania. "Amaco" was presented at Virginia State College on January 4, in exchange with that school. The group presented "The Fraternal Bond" at the N.I.D.A. tournament in Washington on April 8, where it was awarded the first award of merit by Jasper Deeter, eminent director and critic judge.

The officers of the players are: Donald Davis, President; William E. Griggs, Secretary; LeRoy Patrick, Business Manager; John W. Thomas, Treasurer; Jack C. Tracey, Publicity Agent.

Phi Beta Sigma Fraternity

The Mu Chapter of the Phi Beta Sigma Fraternity was founded at Lincoln University on May 11, 1922.

In a large measure the growth of Mu Chapter has been concomitant with that of the National Body.

It has advocated the "Clean Speech" program which was one of its earliest platforms, but changing times and conditions demanded wider fields of activity and an interest in things which went beyond the campus, and with the adoption of the ideal of "Bigger and Better Negro Business," Mu Chapter found its greatest expression. In carrying out its annual program on the campus there has been a consistent effort to bring men who, by virtue of their experience and achievement, could impress upon students the value and extent of work done by Negroes in this field.

The officers of the chapter are:

JOSEPH D. ROULHAC.....	<i>President</i>
CAMERON THORNHILL.....	<i>Secretary</i>
AUGUSTUS HEWLETT.....	<i>Treasurer</i>
REUBEN DAILEY.....	<i>Dean of Pledges</i>

Alpha Phi Alpha Fraternity

Nu Chapter was established at Lincoln University on November 6, 1912, by fourteen men who have been deemed the "Fourteen Immortals" by the chapter. During the week which ended on the chapter's birthday, November 6, 1937, Nu celebrated its twenty-fifth anniversary. The anniversary week program embraced an essay contest, daily chapel programs and culminated in a banquet, at which time, brothers, young and old, shared some of the memorable incidents surrounding the chapter's twenty-five years of existence.

Nu Chapter awards each year to that member of the Freshman Class with the highest scholastic average, the Seldon Scholastic Medal. The chapter also participates in the annual Alpha Phi Alpha "Go to High School, Go to College and Education for Citizenship" campaign.

The cardinal principles of the fraternity are: 1. To protect the chastity of womanhood; 2. To promote scholarship; 3. To promote Christian character; 4. To obey the laws of the land.

The officers of the chapter are:

DONALD DAVIS.....	<i>President</i>
JOHN RANDOLPH.....	<i>Vice-President</i>
LEROY PATRICK.....	<i>Corresponding Secretary</i>
WILLIAM GRIGGS.....	<i>Recording Secretary</i>
MELVIN TALIAFERRO.....	<i>Treasurer</i>
WILLIAM MELBON.....	<i>Parliamentarian</i>

Kappa Alpha Psi Fraternity

Kappa Alpha Psi Fraternity was organized at Indiana University during the first decade of this century, and now has chapters on the campus of many of the colleges and universities in this country.

Epsilon Chapter works under the jurisdiction of the Grand Chapter, and in accord with the best interests of Lincoln University.

The chapter sponsors annually, the Freshman Oratorical Contest in conjunction with the observance of "National Guide Right Week Program." A silver loving cup and a gold medal are awarded for first and second prizes.

Kappa Alpha Psi is more than a social organization; it seeks to encourage young men to strive for and achieve a place of usefulness in school, community and country.

The officers of the chapter are:

CHARLES BLAKE	<i>Polemarch</i>
HARRY THOMAS	<i>Vice-Polemarch</i>
JOSEPH JEFFREY HIGGS, III	<i>Keeper of Records</i>

Omega Psi Phi Fraternity

Beta Chapter of the Omega Psi Phi Fraternity was founded in 1914 at Lincoln University by a group of students with similar ideals of scholarship, uplift, manhood and perseverance.

Since the founding of Beta about four hundred men have been taken into her sacred folds by virtue of their having met certain prerequisites, most of whom are well known men who have rightly taken their places in society as leaders.

This year marks the twenty-third anniversary of Beta Chapter, the second oldest in the Fraternity. Twenty-three years of service to society in general and most especially to the uplift of Lincoln University students has Beta pledged herself and we are happily and eagerly anticipating many more.

The officers of the chapter are:

HERBERT R. CAIN	<i>Basileus</i>
WALTER I. JOHNSON	<i>Vice-Basileus</i>

"Sam" Alexander, thrice winner of 135-pound wrestling title of the C.I.A.A., will always be remembered for his courage during the Boxing and Wrestling Tournament in '37, when he concealed a badly torn finger to defeat his opponent and to win the title.

"Beak" Bailey played four years of football at guard. "Beak" will be remembered for his "never-say-die" spirit. Suffering a broken collar bone during a wrestling match in '37, he finished the bout in agony to win the plaudits of the spectators. Bailey managed the basketball team in his Senior year.

"Stoneface" Brown was the most valuable player on the '37 football team. His hard running brought victories over Cheyney and Hampton and a tie with A. and T.

"Pete" Baltimore, 195 pounds of muscle at center will be missed next year. "Pete" was forced to the sidelines in his Junior year with sinus trouble. He won distinction as a pole vaulter of no meager ability.

"Buzz" Burgess, triple threat halfback for three seasons, had a fractured ankle his last year. He was able to play the last minute of the Howard game and came near evading the secondary to score. "Buzz" was a hurdler on the track team and a pole vaulter. "Buzz" was the 165-pound boxing champion in 1937.

"Moe" Jones was a steady and dependable forward on the basketball team for four seasons. Although "Moe" was handicapped by his size, he always gave a good account of himself against larger opponents.

"Ken" Brown was center on the basketball squad for three years. "Ken" was a valuable man. He will be remembered for holding Howard's ace forward, Wynne, to two field goals at Orange in 1938.

"Cabbage" Ferrell was class miler. He had as much endurance on the cinder path as he had in dormitory debates. He was an asset to the track team because we had so few middle distance men.

"Reds" Taylor proved his ability in both football and track. His performance at right tackle on the football squad is worthy of high mention. Taylor coupled with Jackson to keep the forward wall impregnable.

"Punjab" Jackson was left tackle for the Lions, weighing 216 pounds with 6 feet and 1 inch of height. Jackson was placed on the All-American second team.

"Hooks" Jackson was a signal barker of good repute, a punter and a ball carrier as well. Quick at spotting plays he made an excellent defensive back. "Hooks" was noted for calling pass plays on fourth down.

Football

The Lions closed the 1937 football season with a glamorous victory over the powerful Howard Bisons 9-0, in a hard-fought contest. The deciding moment of the game came when Bailey recovered behind the goal a kick blocked by Hobson. After many thrilling seconds and split-seconds during the game, a pass from W. Brown to Taliaferro clinched the game. Wendell "Stoneface" Brown, Ellard "Punjab" Jackson, Herman "Beak" Bailey and Andrew "Winks" McDonald were the outstanding players. Seven Seniors, after four years of playing together, formed the nucleus of the warriors in the Turkey Day classic.

In the Lions' first encounter the team turned in a win over the Wissahickon Boys' Club of Philadelphia, 21-9. Those who contributed to the scoring were Burgess, John Brown and Wendell Brown.

On the following Saturday the Lions met Virginia Union and experienced their first defeat at the hands of Union, 15-0.

The squad journeyed to Cheyney State Teachers' College on the succeeding week-end and there the Lions chalked up a 12-0 victory.

Then came the Morgan game in which the Lions gave their utmost in order to dethrone the champions and regain their former recognition in the realm of football. In spite of being subdued 19-6 and dejected, the Lions were elated because they felt a moral victory.

The team went on to reverse a 7-0 defeat in '36 to a 6-0 victory over the Hampton Pirates. W. Brown romped off tackle for 75 yards in the second period to tally the lone score of the game. In the closing moments of the game, Hampton was trying desperately to complete a pass to score, only to be stopped by two interceptions by "Hooks" Jackson and "Beak" Bailey.

On Home Coming Day the Lions avenged another one of '36's defeats with a win by virtue of a touchback over St. Paul, 2-0.

Relationship was renewed with the West Point Cavalry, and the Lions trounced them to the tune of 41-14, with a barrage of touchdowns in the final quarter.

The only night game of the season was played at West Chester. Despite the prevailing poor playing conditions the team played the A. and T. Bulldogs to a 6-6 deadlock. Lynch and W. Brown scored for A. and T. and Lincoln respectively.

Much credit is due John "Mack" Brown who teamed with Wendell Brown to create fear in C. I. A. A. competition. To Wallace Hobson goes credit for his fine job in the blocking back position which was formerly held by Harry Brittingham. "Wink" McDonald proved to be the best kicker the squad has had in years, ably filling the place of George Burgess.

Other members of the squad were: Willie Roark, Maddox, G. Carroll, Beckwith, Taliaferro, Duvalier, Allison, Juniors; Perry Honey, A. McDonald, R. Tracy, S. Brown, F. Harris, Gilmore, Ramsey, Brock, Sophomores; Lewis, Baker, Weaver, Dorsey, Freshmen.

As the Lions amassed 109 points to 62 for their opponents, they enjoyed the most fruitful season witnessed in many years. The coaches deserve to be commended for their efforts, both night and day, endeavoring to mold an unbeatable squad.

LION BASKETBALL TEAM

The Lions experienced one of their most unsuccessful basketball seasons during the 1937-38 school session. The team was built around Captain Perry Honey and John Brown of last year's squad. "Ken" Brown and Haywood Jones rounded out four years of faithful court duty on March 4 when Howard trounced the Orange and Blue cagers by a score of 46-29. Besides these two Seniors, the team was composed of four Sophomores and nine Freshmen. Honey was the high scorer with 150 points, followed by Gloster with 125, J. Brown with 111 and Morton with 89. It was apparent from the start that the services of Ballard, Pree, Brisbane, Henderson and Durant were to be sadly missed. The aforementioned five men upheld the colors of the Orange and Blue in court warfare from the 1933-34 season to the 1936-37 session. The highlight of the present team was reached on February 22, at Orange, N. J., when they outplayed Howard and gained a 52-49 victory. Hobson was the star of this game, tallying 13 points in the second half of the contest.

Mr. Ballard as coach had charge of the team this season.

Boxing and Wrestling

The C. I. A. A. Boxing and Wrestling Tournament was held at Howard University on March 25-26. Lincoln retained her wrestling championship, while Hampton maintained her supremacy in the fistic division. Lincoln's victory was made possible by successful conquests in the 125-, 145-, 165- and 175-pound classes by Francis Schanck, Lanxter Webber, Kenneth Lee, and Harvey Clark respectively.

The wrestlers were coached by Guthrie of the '37 class. The boxers were primed by Turner of the '36 class.

Of the boxers Merchant won for the third time the 155-pound championship. Daniel Lee, 145 pounds, came through this year, and Murray, a newcomer, won his exhibition bout.

Track Team

Although we regret the loss of such men as "Hoghead" Williams, Guthrie, "Jute" Taylor, "Smoky" Phillips and Perinchief, we have high hopes for the '38 track team.

Among the veterans there will be seen: Theodore Still, '37 captain; Willie Roark, Griggs, Brock and Taliaferro in the quarter. The pole vaulters back are Baltimore and Burgess. The milers are Searles, Merchant and Ferrell. In the dashes we have Wendell Brown. T. B. Davis comes up in the broad jump. Maddox is to see action in the discus.

There is a wealth of talent in the lower classes to be developed. Among these men expected to do good are Blalark, Glass and William Ramsey.

Song In Parting

We the Class of '38,
Noble men of PI RHO NU,
The last of the true "Lincoln Spirit,"
Sing a sad farewell to you.

Ignorant to thee we came;
Verdant as the grass in spring,
Unlearned and naive,
Knowing naught of anything.

How you look to us! How you taught us
Things that we were wont to know—
Imbued us with the love of mankind,
Taught us not to reap, but sow.

So that now in our last meeting
Teardrops fall from many an eye.
For we love thee, Alma Mater!
Mournfully we say good-bye.

Ne'er will we forget your lessons.
We the sons of PI RHO NU
Reluctantly, regretfully
Sing "Adieu! Adieu! Adieu!"

Class History

I am sure there was not a greener looking group of Freshmen ever to enter Lincoln's portals than those who arrived for the school year beginning in September, 1934. We numbered over ninety then. We soon learned what was expected of us and settled down to work. Despite the threats of the Sophomores and Seniors, we allowed the line of Phi to score only seven points to win the traditional Freshman-Sophomore grid combat. Though a few left in February, the class survived to see the grass grow green. With the greening of the grass came the spring "proms" which we were not allowed to attend. But we could dream, didn't we? Though we missed the hair cutting, we had the honor of being the last to run the arch. Away with green caps, garters, black ties and etc., we are Sophomores now.

Although our hazing was curtailed quite a bit, we did enjoy the Sophomore privileges left us. The Sophomore-Freshman tilt was a hard fought scoreless tie. We were well represented in all extra-curricular activities, especially so in football, for nearly half the Varsity squad, from our Freshman year on, were of our class. Late in May we received our Greek letter Pi Rho Nu. Hail! Hail! the line of Pi.

Juniors! We are now full-fledged upperclassmen. Now we must begin to take an active and leading role in campus life. We attempted an early start in preparation for financing our Junior "prom" by sponsoring a social affair at the Marion Tea Room in Philadelphia. Though it was a gala affair, our treasurer had to make those last minute appeals for the fellows to pay their dues. Nevertheless the "prom" was a great success. With the coming of spring came examinations and the end of our third term.

Seniors at last! We have been looking forward to this honor. Our number has gradually decreased from about ninety to thirty. Early in the first semester our class book was one of the main topics of our class meetings. General plans were formulated and the various committees were appointed. We of the Class of '38 learned of the trouble which goes with the publication of a class book and also the expense of graduation. Now that our four years have waned away, we go out into the cold, cold world, ready to do whatever we can to make this a better world in which to live in the years that are to come.
