GENERAL STATEMENTS

Lincoln University is situated amid beautiful and healthful surroundings among the hills and farmlands of Chester County, Pennsylvania, on the Baltimore Pike (U. S. and Penna. Route No. 1), the main highway between north and south. It is forty-six miles from Philadelphia and sixty-three miles from Baltimore. The Lincoln University station of the Pennsylvania Railroad, Octoraro Branch, is one-half mile from the campus. The University may also be reached by the Greyhound, Nevin, and Short Line bus lines. The exact post-office address is "Lincoln University, Pennsylvania."

Recent movements of population have given to Lincoln University a strategic position. It is midway between four of the largest centres of Negro population in the world: New York, Philadelphia, Baltimore, and Washington; and is easily accessible from all of them.

The purpose of Lincoln University is to provide a liberal Christian education for worthy young men of the colored race, in order to fit them for leadership and service. The aim has always been to train the heart and character as well as the mind, and a strong and pervasive Christian influence characterizes its training. The University is not co-educational.

Lincoln University was founded by the Rev. John Miller Dickey, D. D. (1806-1878) a Presbyterian minister of Oxford, Pa. Its first charter was granted by the State of Pennsylvania under the title of Ashmun Institute in the year 1854. In 1866 the charter was amended and the name changed to Lincoln University. It was planned to include in the institution Preparatory and College courses and professional training in Theology, Medicine and Law. The Medical and Law schools were begun, but soon discontinued, owing to difficulties of location and endowment. In 1893 the preparatory department was closed. Thus the College and the Theological Seminary are the two departments of the University.

The College is approved by the College and University Council of the State of Pennsylvania; the American Med-

ical Society; and since December 1, 1922, by the Association of Colleges and Preparatory Schools of the Middle States and Maryland.

The University is under the control of a Board of Trustees, a self-perpetuating body consisting of twenty-one members, arranged in seven classes of three each, who hold office for seven years, or until their successors are elected. The officers of the Board consist of a President, a Vice-President, a Secretary and a Treasurer, elected annually. There are three stated meetings of the Board: in February, on the day of the University Commencement, and on the second Thursday of November.

The University owns permanent endowment funds of \$1,074,713.52, and buildings and grounds of an estimated value of \$727,869.13. The grounds consist of 275 acres of land, of which part is farmed, part is woodlot, and part is campus. Upon the campus the following buildings have been erected: University Hall, built by undesignated funds, a three-story brick building, containing seventeen large and well-lighted rooms, used for lecture and recitation purposes; the Mary Dod Brown Memorial Chapel, gift of the late Mrs. Susan D. Brown, of Princeton, N. J., a Gothic structure of dark red brick with a square bell-tower, containing an audience room capable of seating 400 persons, and a prayer hall capable of seating 200; Livingstone Hall, gift of the late Mrs. Susan Gorgas, of West Chester, Pa., a large one-story frame building, used as a gymnasium and for assembly purposes, capable of seating 1000 persons; Ashman Hall and Lincoln Hall, dormitories built by undesignated funds; Cresson Hall, gift of the Freedman's Bureau, under the late General O. O. Howard, also a dormitory for college students; Rendall Hall, a new dormitory opened for use in 1931, named in honor of two former presidents of the University, Isaac N. Rendall and his nephew, John B. Rendall, and built by funds provided by the General Education Board, the Julius Rosenwald Fund, Miss Carolina Hazard, Mr. Pierre S. du Pont, Mr. J. Frederick Talcott, and other generous friends, containing in addition to dormitory rooms with all modern conveniences, a large reception room, a Y. M. C. A. room with committee rooms, a barber shop, clothes pressing room and trunk storage compartment; Houston Hall, gift of the late H. H. Houston, of Philadelphia, a dormitory for theological students; the Harriet Watson Jones Hospital, gift of the late J. M. C.

Dickey, of Oxford, Pa., a two-story frame cottage for the use of students in case of illness or accident; the McCauley Refectory, the gift of the late Dr. Thomas McCauley and Mrs. Mary D. McCauley, a three-story brick building used as the University dining hall, and residence for the steward; the Vail Memorial Library, given by William H. Vail, M. D., of Newark, N. J., comprising a stack room, reading rooms, and librarian's room; the Science Hall, erected in 1925 for the departments of physics, biology, and chemistry; the Central Heating Plant, renovated in 1931, at an expense of \$75,000, contributed by the General Education Board, Mr. Pierre S. du Pont, Mr. Lamont du Pont, and Mr. John H. Ware, Jr.; twelve dwelling houses, used as residences for professors and other members of the University staff.

Through the generosity of Mr. Henry B. McCormick, of Harrisburg, Pa., a comprehensive plan for the beautifying of the campus, laying out walks and roads, and locating new buildings, has been prepared by Mr. Thomas W. Sears, landscape artist, Ardmore, Pa. Mr. McCormick has carried out part of this plan by laying concrete walks round Rendall Hall and by planting trees and shrubbery at an expense of over \$4,000.

The number of volumes now in the Vail Memorial Library is over 25,000. The Carnegie Foundation of New York has contributed the sum of \$25,000 for the purchase of books.

THE NEEDS OF THE UNIVERSITY

The needs of the University on the material side now most urgent are the erection of a new and adequate library building, with endowment for the librarian's salary, and a new dining hall and a gymnasium.

Looking forward to an enrollment of 500 students, the University needs an additional endowment of \$1,150,000 for educational salaries, scholarships, library endowment, and retiring annuities.

The additional buildings needed are as follows:

Library	\$200,000.00
Dining Hall	150,000.00
Dormitories	300,000.00
Administration Building ...	250,000.00
Faculty Residences	80,000.00
Roads, Walks, Landscaping	30,000.00

The most urgent present needs are those connected with the library, the scholarship aid funds, and the additional endowment for the maintainance and increase of the teaching staff.

All correspondence concerning the needs of the University, with checks made payable to "Lincoln University", should be addressed to the President, the Rev. Wm. Hallock Johnson, D. D., Lincoln University, Pa.

The Life Annuity Plan offers to donors an opportunity of making gifts to the University during their lifetime, without sacrificing any of their present income. The money is deposited in the careful and experienced hands of the Board of Trustees. A formal agreement is given to the donor, binding the Board to pay an annual sum in semi-annual remittances during life, at rates varying from five to nine percent, according to age at the time the deposit is made.

When it is intended to make bequests to Lincoln University, care should be taken in the preparation of wills to use the exact corporate name as known and recognized in the courts of law, namely, "Lincoln University", and to add its location, "Chester County, Pennsylvania."

TERMS AND VACATIONS

The University year includes thirty-six weeks of term time, divided into two semesters. There is a Thanksgiving recess of three days, a Christmas recess of two weeks, and an Easter recess of six days. Commencement Day is usually the first Tuesday in June.

ORDER AND DISCIPLINE

It is the aim of Lincoln University to develop in each individual student the sense of personal responsibility for good order, and to secure in the largest measure, his cooperation with the Faculty in the development of his own character. To this end the general management of affairs in the dormitories and dining hall is in the hands of a Student Council, elected by the student body and meeting at stated intervals and whenever necessary with the Faculty officer in charge of discipline. The largest amount of personal liberty possible is given to each student, and the number of special rules and regulations are kept to the

minimum necessary. If any student shows that he is unwilling or unable to co-operate with this system of order, he may be dismissed from the University at any time. In this connection attention is directed to the By-Laws of Lincoln University, Chapter VI, Section 12, adopted by the Board of Trustees, June 1, 1909. "If the presence of any student seems to be undesirable, his name may be dropped from the roll, even though no charges be brought against him.

ATTENDANCE AT UNIVERSITY EXERCISES

Attendance at all individual appointments in any department, and at all semi-annual or final examinations is required of all students. In each course the absences are kept by the instructor in charge. As soon as the instructor is dissatisfied with any student's failure to participate punctually in the exercises of the classroom or laboratory, he shall notify him what credit, if any, in semester hours or grades he may expect at the end of the semester, unless his attendance improves. At the end of each semester, in connection with the report on grades, each instructor also reports the credit in semester hours to which the student is entitled, subject to the approval of the Dean.

Absences immediately before or after a vacation period render the student subject to a fine unless excused for cause by the Dean.

Chapel exercises are held every Tuesday, Wednesday, Thursday, and Friday mornings. Every Sunday morning divine worship is conducted in the University Chapel, and on Wednesday evening a weekly prayer meeting. The Y. M. C. A. also conducts on Sunday evenings an open forum for discussion of current problems of religious and social interest.

RELIGIOUS INSTITUTIONS AND OPPORTUNITIES

The "Ashmun Church" was established under the control of the local Presbytery of Chester as a church home for students during their college life. While it is organized as a Presbyterian Church, members of all evangelical denominations are received, and letters of dismission to churches of other denominations are given when they leave the University.

The Young Men's Christian Association has an active organization in the University. It co-operates with the national, the state, and the southern branches of the Association, and promotes locally a program of religious and recreational work.

The John Miller Dickey Service Society, composed of college students who intend to enter the ministry, meets twice a month for the discussion of religious and social topics.

STUDENT HEALTH AND WELFARE

The conservation of health and the maintenance of sanitary conditions in the University are under the general charge of William B. Ewing, M. D., West Grove, Pa., who visits the University twice weekly for consultation, and is available by call at any time by those who need his services. Cases requiring hospitalization are cared for either in the local hospital in West Grove, Pa., or in the University of Pennsylvania Hospital, Philadelphia.

At matriculation each year every student is required to submit to a physical health examination, and to undergo treatment for any defective conditions thus discovered.

The Physical Director and his assistants promote the physical welfare of the students by directing gymnastic drills and intramural sports. The campus with its football field, baseball diamond, tennis and basket ball courts, provides ample opportunity for healthful exercises.

The Student Council, an organization elected by the student body, aims to further in every way possible the physical and social welfare of the students of the University.

STUDENT ORGANIZATIONS

The following intercollegiate fraternities have branches in Lincoln University: Alpha Phi Alpha, founded at Cornell University in 1906; Kappa Alpha Psi, founded at Indiana University in 1911; Omega Psi Phi, founded at Howard University in 1911; and Phi Beta Sigma, founded at Howard University in 1914.

The Pan-Hellenic Council, organized at Lincoln University in 1931, aims to regulate in a just and orderly manner all inter-fraternal relations.

In addition to the foregoing the following organiza-

tions exist for the promotion of special objects: the Delta Rho Forensic Society aims to encourage the art of debate within and without the University; the Beta Kappa Chi Scientific Society, composed of all upper classmen, who have made a high standing in science, meets twice a month for the discussion of current scientific topics; the Phi Lambda Sigma Literary Society, composed of students who have achieved an honor grade in English, is intended to cultivate appreciation of good English and to encourage individual initiative in writing.

The Lincoln University Musical Club, organized in 1925, is composed of Glee Club, Quartette, Orchestra, and String Ensemble, and has for its purpose the increase of cultural appreciation of music in the student body, and to give opportunity for musical expression. Membership is open to all who show aptitude for musical development.

The Lincolnian is a publication issued from time to time as a means of developing in the student body the ability of expression in prose and poetry.

THE ALUMNI ASSOCIATION

During its more than seventy-five years of service, Lincoln University has trained about 2,500 men. Among these are five bishops of the Methodist Church, and many leading pastors in the Presbyterian Baptist, and Episcopal Churches; the only colonel of his race to see active service on the Western Front in France; one of the two colored men who sat in the Peace Conference at Versailles; many eminent physicians in all our great centers of population; two of the three surgeons mentioned in the "Negro Year Book" as having achieved a nation-wide reputation; five college presidents and a number of college deans; the President of the Colored Teachers' Association of Georgia, and the State Superintendent of Colored Education in West Virginia; two United States ministers to Liberia, one congressman, five members of state legislatures, several city aldermen, and two who were chosen in National Republican Conventions to second the nominations of Theodore Roosevelt and Calvin Coolidge; and the recent winner of the Harmon Prize in literature. These are some of the better known instances of success in public service, and they are cited not for self-glorification nor as a claim of superiority (for every college can produce a similar roll), but when taken with the lesser known and equally useful graduates,

as proof that the aim of the founders to impart a liberal Christian education to worthy men has justified itself by its results.

On April 12, 1918, there was issued "Lincoln University, College and Theological Seminary, Biographical Catalogue." This contains the essential biographical details, with occupation and address, so far as then known, of all graduates and former students of the University. It will be sent on application to the Dean of the College, postpaid, to any address, so long as copies are available. A second edition is in process of preparation, and all former students and graduates, who have not already received record blanks, are requested to apply for them to the Dean of the College, to fill them with the information requested, and mail back promptly.

The Alumni Association of Lincoln University meets annually in connection with the University Commencement in June.

PART II. THE COLLEGE

ADMISSION

All correspondence on matters of admission should be addressed to the Dean of the College. The final decision as to the admission of any candidate, rests, in any case, with the Faculty.

REQUIREMENTS FOR ADMISSION

The necessary blanks for admission will be sent upon application to any candidate. Certificate forms are always sent to the principal of the school; other blanks are sent to the applicant. In addition to satisfying the academic requirements, each applicant must also furnish proof of good moral character and that his health will enable him to pursue a college course without interruption.

For admission by certificate 15 admission units are necessary. An admission unit is a preparatory school subject pursued one year with five recitation periods a week, except in English, where 3 units are given for 4 years' work.

The subject requirements are as follows:

Subject	Credit
Required: 8 units	
English, 4 years	3 units
Foreign Language (some ONE foreign language)	2 "
Algebra	1 "
Plane Geometry	1 "
History	1 "
Elective: 7 units, from	7 "
Foreign Language	
History	
Mathematics	
Natural Science	
Social Science	

15 units

Subject to the approval of the Committee on Admission the requirement in foreign language may be replaced by other units in the case of desirable candidates who have

found it impossible to fulfill this requirement in their preparatory course. But all to whom this privilege is granted must complete 12 semester hours in some ONE language in addition to the work required for the degree.

Certificates will be accepted only from accredited high schools.

Admission may also be secured by passing standard entrance examinations in the necessary 15 units. Lincoln University does not conduct such examinations, but recognizes those of any official and recognized examining body such as the College Entrance Examination Board, the New York Board of Regents, the Cambridge (England) Local Examinations, etc.

DEFINITIONS OF ADMISSION REQUIREMENTS

Lincoln University accepts as its standard of each scholastic requirement for admission the "Definition of the Requirements" published each year by the College Entrance Examination Board, 431 West 117th Street, New York, N. Y., and mailed to those interested upon payment of the cost. It will also accept the equivalent definitions formulated by state boards of education, and prescribed by them as the course of study to be followed by approved secondary schools. Under these circumstances it seems unnecessary to print in this catalogue any syllabus of secondary courses, since such information may be easily obtained by any one interested in the matter.

ADVANCED STANDING

A student who wishes to enter Lincoln University by transfer from an approved institution of collegiate rank must submit an official transcript of his college record, a certificate of honorable dismissal, a catalogue of the college, together with a full list of preparatory subjects upon which admitted. Only those students are eligible for admission by transfer whose records satisfy the admission requirements of Lincoln University, whose scholarship is creditable, and whose college courses satisfy substantially the requirements imposed by the rules of the curriculum of Lincoln University up to the point at which they enter.

The Committee on Admissions will consider each case on its merits and will assign the number of hours and the subjects to be completed for the degree.

THE COLLEGE CURRICULUM

The courses of instruction offered by the College lead to the degree of Bachelor of Arts. This course extends regularly over four years, and must amount to a minimum of 128 semester hours with an average grade of third group. In Freshman year each student is required to take the Freshman courses in Bible, English, Hygiene, and Mathematics; two courses in foreign language, of which one must be an ancient language. In addition he chooses one "elective" course. After Freshman year the studies are elective, subject to the special requirements for the Bachelor's degree.

The requirements for the Bachelor's degree, are as follows:

At the beginning of Sophomore year each student must select as a major subject one of the fourteen groups listed below, and in this course he must complete 3 semester hours a week for three years, a total of 18 semester hours exclusive of the work of the Freshman year. He must also select from the fourteen groups two other subjects as minors, in each of which he must complete 3 semester hours a week for two years, a total of 12 semester hours in each exclusive of the work of the Freshman year. The remaining hours needed to complete the total minimum requirement of 128 semester hours for graduation may be chosen from any course open to the student, and approved by that member of the Faculty in charge of his major subject. However, 6 semester hours or two courses in Bible must be taken in addition to the Freshman Bible course.

PREPARATION FOR PROFESSIONAL STUDY

Pre-medical students should consult early in their college course the catalogue of the medical school that they wish to enter. In general the admission requirements of most medical schools are met by the following courses: Freshman English; the courses in French or German (or both as required by some medical schools) taken for two years each, if not taken in the preparatory school; General Physics; General Chemistry and Organic Chemistry; and General Biology. Biology or Physics should be taken in Freshman year, and General Chemistry not later than Sophomore year.

Students who wish to teach after graduation should make themselves familiar with the regulations governing the granting of teachers' certificates in the state in which they expect to teach. In Pennsylvania a provisional certificate is granted to graduates of an approved college who complete 18 semester hours in education.

Candidates for the ministry, if their general average does not fall below 2.50 in the University's grading system, may during their Junior and Senior year elect studies in Religion and Sociology that may be counted as satisfying the requirements for both the degrees of Bachelor of Arts and Bachelor of Sacred Theology, and make possible the completion of a combined college and seminary course in six years.

Students are advised against over-concentration in the special field selected, since it is important that the college course should have breadth of culture as well as depth. The general training provided by the classes and philosophy should not be neglected, and since most graduate schools and many technical schools require a reading knowledge of either French or German, or of both, the courses numbered 1-2 and 3-4 in these languages should not be overlooked.

GRADES, EXAMINATIONS, AND CONDITIONS

In terms of per cent the maximum mark in each study is 100 and the minimum or passing mark is 60. The mark in each course is determined by the instructor, who, however, does not report the grades in numbers but in groups. Each class is divided into five groups, of which Group I. indicates work of exceptionally high quality; Group II. indicates work of superior quality, but somewhat lower than that of the first group. Groups I. and II. are considered "honor" groups. Group III. indicates work of medium or average quality. Group IV. indicates work of an inferior quality, but above passing; and Group V. indicates a failure or condition. Students in Group V. are divided into two classes; those who are allowed to remove the failure by a re-examination, and those who have failed so badly that in order to obtain credit the course must be repeated and the examination passed. The former failure is indicated by Group V. c, and the latter by Group V. f.

In order that the grouping may be significant, it is recommended that not more than 10 per cent of the class be

assigned to Group I.; nor more than 20 per cent to Group II.; nor more than 50 per cent to Group III.

The general group of a student and consequently his rank in his class, is determined as follows: multiply the group number reported for each course by the number of hours per week the course is given, and then divide the sum of these products by the sum of the hours. The quotient will indicate the general group of the student in question. The limit for the first general group is 1.30; for the second general group, 2.20; for the third general group, 3.20; and for the fourth general group, 4.20.

A course is considered completed for any semester when the student has obtained a passing grade in the daily work and the semi-annual examination combined. A student who receives a grade of Group V. f must repeat the course, or, if it is an elective, take an equivalent, subject with the approval of the Committee on Curriculum. In certain year-courses a grade of Group V. e in the first semester may, if the instructor so recommend and the Committee on Curriculum approve, be canceled by a grade as high as Group III. gained in the second semester. All failures of the grade of Group V. e must be removed within six months after being incurred or no credit will be allowed for the course. A fee of \$1.00 must be paid for each conditional examination. Not more than one trial is allowed any student to remove a condition.

A student inexcusably absent from an examination will be marked either Group V. e or V. f, as the instructor may recommend. A student unavoidably absent at the time set for taking the examination will be given an opportunity to take it without fee. If he fails to do so, he must repeat the course with the following class if the subject is a required one.

To remove a condition the average of the term mark and the new examination mark combined in the ratio of three to one must reach 60 per cent.

A student is enrolled in the Freshman Class until he has completed twenty-eight semester hours, and removed all entrance conditions; in the Sophomore Class until he has completed at least sixty semester hours; in the Junior Class until he has completed at least ninety-two semester hours; then in the Senior Class.

DISMISSAL FOR LOW SCHOLARSHIP

It is not the policy of Lincoln University to co-operate with students after it has become evident that they are either unwilling or unable to maintain reasonable standards of work.

Students who fail to pass as many as three courses in any semester with three different instructors, and provided that the failures amount to 50 per cent of the total number of semester hours each is taking, are not allowed to continue.

If conditions cumulate twenty semester hours the student is not allowed to continue.

Students who in the semi-annual examinations receive a grade of general Group IV. are placed on probation, and if during the following semester do not show improvement, may be required to withdraw from the University.

GRADUATION

The number of semester hours required for graduation is, as already stated, 128, with a grade of general Group III., and a residence of four years. The courses taken must conform to the regulations governing the curriculum.

The degree of Bachelor of Arts is conferred by vote of the Trustees at the annual Commencement upon students who have completed the requirements as to courses and grades to the satisfaction of the Faculty, have paid to the Treasurer all college charges, and have returned all books belonging to the Library.

The Faculty will recommend to the Trustees that the degree of Bachelor of Arts *magna cum laude* be conferred upon all members of the graduating class who have received grades of general Group I., and that Bachelor of Arts *cum laude* be conferred upon all who stand in general Group II. The names of Seniors taking honors are printed on the Commencement program.

HONORS

Honors for those who by reason of ability and diligence do more than the accomplishment of the average are awarded by the Faculty at the end of each college year. High honors are for those students who finish the year with a grade of general Group I., and honors for those in general Group II. The names of the recipients are printed in the next annual catalogue.

PRIZES

The following prizes are offered annually for proficiency in the work of the departments indicated:

ENGLISH AND PUBLIC SPEAKING

The Elizabeth H. Train Memorial Prizes in Oratory, given in 1919 by the Rev. William P. Finney, D. D., in memory of Elizabeth H. Train, award fifteen dollars to the best speaker, and ten dollars to the next best in a public Sophomore oratorical contest.

The Class of 1900 Prize awards ten dollars to that student who in the judgment of the Faculty has acquitted himself most creditably in the intercollegiate debates.

The Freshman-Sophomore Debate Prize awards a silver cup, donated by Daniel G. Hill of the class of 1917 and the Baltimore alumni, to the winner of an annual debate between representatives of the Freshman and Sophomore classes.

The Kappa Alpha Psi Prizes in Oratory, given by Epsilon, the local chapter, award annually a silver loving cup to the best speaker, and a gold medal to the next best, in a Freshman oratorical contest.

The Delta Zeta Chi Debating Society awards each year keys to those who have proved themselves excellent debaters in the intercollegiate contests.

SOCIAL SCIENCE

The Robert Fleming Labaree Memorial Prize in Social Science awards annually twenty-five dollars to a student of social science, in the upper two classes, who is taking one or more courses in that department during the current year. The prize is awarded on the basis of a scholarship, not lower than general Group II. for the year, and by the best dissertation of not more than three thousand words on an assigned theme.

NATURAL SCIENCE

The Bradley Prize of a gold medal is awarded to that member of the Senior class who has maintained the highest average standing in selected branches of natural science.

SCHOLARSHIP STANDING

The Theodore Milton Selden Memorial Prize, given by NU Chapter of the Alpha Phi Alpha Fraternity, of which he was a member, awards a gold medal to the Freshman making the highest scholastic average.

The Class of 1915 Prize, given by the members of that class, awards the interest on one hundred dollars, on the recommendation of the Faculty Committee on Athletics, to that student of the graduating class of the odd years, who has best combined athletic distinction and scholarship standing.

The Class of 1916 Prize, given by the members of that class, awards the interest of one hundred and twenty-five dollars, on the recommendation of the Faculty Committee on Athletics, to that student of the graduating class of the even years, who has best combined athletic distinction and scholarship standing.

GENERAL PRIZES

The Annie Louise Finney Prize, given by Dr. John M. T. Finney, Baltimore, Md., awards annually fifty dollars to that student of the College, who in addition to maintaining a creditable standing in scholarship, has best exemplified in his character, conduct and influence, the ideals of Lincoln University.

The Edward Lynwood Coberth Memorial Prize, founded by the Rev. E. W. Coberth and Mrs. Coberth, in memory of their son, who would have graduated in 1924, awards twenty dollars in gold to the member of the Senior class, who during his college course has shown the most humanitarian interest in his fellow students.

EXPENSES

Bills are payable by semester in advance, one-half of the yearly charge being payable on registration in the fall and the balance at the opening of the second semester. A certificate of payment from the Treasurer's office is required before the student is allowed to attend classes.

The charges for each semester in the College are as follows:

Tuition	\$60.00
Board	75.00
Library Fee	2.50
Medical Fee	2.50
Athletic Fee	2.50
Student Activities Fee	2.50
Total	\$145.00

Room rent, including light and heat, varies from \$25.00 to \$60.00 each semester.

The total sum of fixed charges varies, therefore, from \$170.00 to \$205.00 per semester, depending on the price of the room occupied.

Students who take courses in excess of the number allowed, whether for credit or as auditors, are chargeable at the rate of \$4.50 per semester hour.

The graduation fee (for Seniors only) is \$5.

In view of the wide range in the expenditures of individual students for travel, textbooks, clothing, fraternity fees, and other social expenses, it is not possible to furnish an estimate as to the total amount necessary to defray all costs. Books and supplies will probably amount to from \$15 to \$30 annually. With the help of the list of fixed charges given above, the individual student should be able to estimate approximately his expenses for the year. The University reserves the right to change the above charges if necessary to meet the actual cost.

COLLEGE ROOMS

The College has three buildings used as dormitories, accommodating about three hundred students. Each room is provided with the essential articles of furniture, such as desk, chairs, table, bed, and chifffoniere. The buildings are heated from the central heating plant, are lighted by electricity, and has ample bath and toilet conveniences. Necessary repairs are made by the University, but all additional work is at the expense of those who occupy the rooms.

In assigning rooms preference is given to students in College in order of classes. A drawing for rooms for the succeeding session is held at the close of the session in progress. Incoming students desiring rooms may secure reservations by sending a \$15 advance deposit to the Treasurer. All rooms are assigned subject to the regulations of the University as to student residences, and occupants are liable for any damage to the dormitory and its furnishings.

The Dean of the University or a duly designated representative shall have the right to inspect at any time any of the rooms occupied by students.

SELF-HELP AND SCHOLARSHIP AID

Lincoln University does not undertake to guarantee employment to students, and does not encourage any to enter who are entirely without adequate resources. The aim is to furnish a higher education at a minimum expense to all worthy students. There are a limited number of opportunities for students to assist themselves doing such work as waiting on the table in the University dining hall, assisting in the Library, and acting as janitors in the halls and dormitories or on the grounds. Further information concerning the employment mentioned above may be had upon application to the Treasurer.

The College department has a scholarship fund of limited amount, the income from which is expended exclusively in partial payment of the tuition of needy and deserving students of good deportment and diligent application. It is not expected that those whose circumstances admit the full payment of bills will apply for assistance. The University desires to encourage those who are obliged to secure an education largely through their own efforts, and is ready at any time to co-operate with worthy men who are willing to do their part in industry, self-sacrifice, and frugality. All correspondence concerning scholarship aid should be directed to the Dean of the College.

Scholarships may be forfeited at any time during the course through negligence or misconduct. If a student fails in any semester to achieve a grade of general Group III, any scholarship allowance for that semester is thereby forfeited, unless the Committee on Scholarship Aid shall order otherwise.

THE WEEKLY SCHEDULE 1933-1934

In general recitations and lectures are held in the morning; laboratory work in the afternoon.

To find the hour at which a class meets, note the capital letter printed at the right of the title of the course, then find the letter in the schedule below. The class meets on the day and hour indicated, except that on Tuesdays to Fridays inclusive the first class meets at 8:15 to make room for the Chapel exercise at 9:15.

COURSES OF INSTRUCTION

Each of the following courses of instruction (arranged alphabetically) may be selected as a major as already explained above under "College Curriculum."

1. Biology and Hygiene.
2. Chemistry and Geology.
3. Economics and Sociology.
4. English and Speech.
5. French Language and Literature.
6. German Language and Literature.
7. Greek Language and Literature.
8. Hebrew Language and Literature.
9. History and Political Science.
10. Latin Language and Literature.
11. Mathematics.
12. Philosophy, Logic and Ethics.
13. Physics and Astronomy.
14. Psychology, Education and Music.
15. Religion and English Bible.
16. Spanish Language and Literature.

Courses designated by a single numeral are semester-courses (odd numerals are employed for courses given in the first semester, and even numerals for courses given in the second semester). Year courses are designated by an odd numeral and an even numeral joined by a hyphen, and the work of the two semesters constitutes an integral, indivisible course.

All courses (except where otherwise indicated) occupy three hours each week.

The letters in caps (A, B, etc.) at the right of the page, opposite the title, indicate the recitation hours employed and the examination group to which the course is assigned. See key on page 34 and the examination schedule on pages 35, 36, 37.

In each subject the courses are arranged so far as possible in sequence, beginning with a general introductory course, which is pre-requisite to all that follow. The order in which courses should be elected is determined by the pre-requisite laid down under each.

An asterisk marks the chairmen of the Group Committee.

GROUP 1.

BIOLOGY AND HYGIENE

*Professor H. F. Grim**, Mr. J. L. Williams and
Mr. J. F. Martin

BIOLOGY

- 1-2. General Biology. 2 hours lecture and 2 hours laboratory. G

A course in biology introductory to the advanced courses, introducing the student to the structure, physiology and classification of life forms.

Professor Grim and Mr. Williams.

- 3-4. Mammalian Anatomy and the Comparative Anatomy of Vertebrates. 2 hours lecture and 2 hours laboratory. H

During the first semester this course studies the gross anatomy of mammals, using the cat as material for dissection. During the second semester the comparative anatomy of vertebrates is presented with special reference to the dogfish, perch, mud-puppy, turtle, bird and man.

Professor Grim and Mr. Williams.

- 5-6. General Embryology and Genetics. 2 hours lecture and 2 hours laboratory. E

A course in chordate embryology comparative in the study of blastulation, gastrulation and organogeny, followed in the second semester by a study of fundamental genetics considering the mechanics and physiology of inheritance with simple problems in dominance, hybrid and sex ratios, back-crossing, linkage and crossing over.

Professor Grim and J. L. Williams.

*The asterisk denotes the head of the department.

- 7-8. Histology. 1 hour lecture and 1 hour laboratory. C

A course in normal mammalian histology.

Professor Grim.

9. Parasitology. I

A course devoted to the consideration of mammalian parasites found in the protozoan, helminth and arthropod groups. Careful consideration is given to life history, control and treatment for the members of the above groups.

Professor Grim.

11-12. Botany. 2 hours lecture and 1 hour laboratory.

Not given 1933-1934.

A course devoted to the study of general structures and physiology of plant life, the fundamental histories of the plant groups, with the identification of local flora by the use of the key.

Professor Grim.

HYGIENE

1-2. Hygiene. One hour each semester. B

Required course for Freshmen. The second semester repeats the course given the first semester. Correct bodily functions and their application.

Professor Grim.

4. Educational Hygiene. I

A course designed for those who intend to teach in school systems where a knowledge of this department of hygiene is required.

Professor Grim.

5-6. Physical Exercise.

Required for Freshmen. Carries no academic credit.

GROUP 2.

CHEMISTRY AND GEOLOGY

Professor A. E. James and Instructor J. L. Williams*

1-2. General Inorganic Chemistry. 3 hours lecture and recitation and 1 hour laboratory. G

The course in general chemistry aims to lay an adequate foundation for advanced work, and to present the cultural bearings of the science of chemistry.

Professor James and Mr. Williams.

3-4. Qualitative and Quantitative Analysis. 2 hours lecture and 2 to 3 hours laboratory. B

Professor James.

5-6. Organic Chemistry. 2 hours lecture and 1 hour laboratory. A

Professor James.

7. Introductory Geology. E

A discussion of the general principles of the science of geology. Occasional excursions are taken in which the local geological features are considered.

Professor James.

(Not offered 1934-1935).

8. Selected Topics in Advanced Inorganic Chemistry. 2
 hours lecture. E
 1-2, 3-4, 5-6 are pre-requisites.
Professor James.
- 8a. Biochemistry. E
 Pre-requisite organic chemistry.
Professor James.
- 8b. Biochemistry Laboratory. 2 or 3 hours laboratory. I
 Mr. Williams.
 Not to be scheduled until after consultation with the
 instructor.

GROUP 3.

ECONOMICS AND SOCIOLOGY

*Professor R. M. Labaree**

ECONOMICS

- 1-2. Elementary Economics. D
 During both semesters the principles of economics
 are studied by means of text-books, lectures and discus-
 sions.
Professor Labaree.
3. Corporation Finance. Not given 1933-1934.
 Courses 1-2 pre-requisite.
Professor Labaree.
4. Labor Problems. Not given 1933-1934.
 Courses 1-2 pre-requisite.
Professor Labaree.
5. Money and Banking. F
 Courses 1-2 pre-requisite.
Professor Labaree.
6. Contemporary Economic Problems. F
 Courses 1-2 pre-requisite.
Professor Labaree.

SOCIOLOGY

1. Anthropology. E
 Study of primitive society. Text book collateral read-
 ings and term papers.

Professor Miller.
12. Roman Literary Criticism. H
Professor Miller.

GROUP 11.

MATHEMATICS

*Professors W. R. Cole and W. L. Wright**

- 1-2. Algebra, Analytic Geometry and Trigonometry. A
 Required course for Freshmen.
Professors Cole and W. L. Wright.
- 3-4. Analytic Geometry and Elementary Calculus. I
Professor W. L. Wright.
5. Differential and Integral Calculus. I
 Open to students who have taken Course 3-4.
Professor W. L. Wright.
6. Advanced Calculus and Differential Equations.
 Open to students who have taken Course 5.
Professor W. L. Wright.
8. Algebra and Theory of Equations.
 A course for advanced students based on H. B. Fine,
 College Algebra.
9. Teaching of Mathematics. I
 A critical review of algebra, geometry and trigonometry, and a study of methods of teaching. Intended for students who aim to teach mathematics in high school or college.
Professor W. L. Wright.

GROUP 12.**PHILOSOPHY**

Professor G. Johnson and Mr. W. T. V. Fontaine

1-2. General Introduction to Philosophy. D

During the first semester selected dialogues of Plato are read. During the second semester the class studies the fundamental problems of philosophy. The work is carried on by collateral readings, lectures, written papers and discussions.

GROUP 13.**PHYSICS AND ASTRONOMY**

*Professor W. R. Cole**

PHYSICS

1-2. General Physics. 2 hours lecture and 2 hours laboratory. G

Elective for all classes. First semester, Mechanics and Heat. Second semester Electricity, Sound and Light.

5. Light. 2 hours lecture and 2 hours laboratory. H

This course deals with the development of optical theory, paying particular attention to geometrical optics, properties of waves, interference and diffraction, and polarization.

Courses 1-2 are pre-requisite.

6. Electricity and Magnetism. 2 hours lecture and 2 hours laboratory. H

This course places special emphasis on the solution of problems of direct currents and of the magnetic circuit of direct current machinery. The vector method of solving alternating current problems is introduced.

Courses 1-2 are pre-requisite.

- 7-8. Theoretical Mechanics. 3 hours lecture. F

A problem course open to upper-classmen who have a knowledge of the differential and the integral calculus. Moments of inertia, central forces, friction, impact, and statics are some of the topics studied.

ASTRONOMY

1. Elementary Astronomy. Three hours lecture. First semester.

A course in descriptive astronomy, illustrated by lantern slides, and by the use of the telescope for observation of the heavens.

GROUP 14.

PSYCHOLOGY, EDUCATION, AND MUSIC

Professors S. Dickey, P. S. Miller, and Mr. H. G. Cornwell*

PSYCHOLOGY

1. General Psychology. C

General introduction to the facts and principles of human psychology.

Mr. Cornwell.

3. Educational Psychology. H

This course deals with the human individual as a reacting organism; with the development of behavior, emotions and personality; with the laws of learning, transfer of training individual differences, achievement and testing.

Professor Dickey.

4. Tests and Measurements. C

Mr. Cornwell.

EDUCATION

1. Introduction to Teaching. D

A course in the theory, principles and practice of education. The student is introduced to the leaders, the problems and the literature of the educational movement past and present.

Professor Dickey.

2. History of Education. D

This course traces the development of educational theories and practices and relates present-day education to the past.

Professor Dickey.

3. Secondary Education. Not given 1933-1934.

A course dealing with the aims and principles of contemporary secondary education.

Professor Dickey.

4. Educational Sociology. H

Professor Dickey.

6. Public School Administration. Not given 1933-1934.

This course is planned for students who have had at least one year's work in educational subjects. It considers the problems involved in teaching and supervising; aims and techniques in school subjects, school surveys and rating systems, instructional morale and community improvement.

Professor Dickey.

7-8. Practice Teaching. I

A course consisting of a stated number of hours in observation followed by an equal number of hours of teaching in approved high schools designed to meet the requirements for the Pennsylvania college graduate provisional certificate. The class devotes in addition to the work mentioned one hour each week to discussion of results.

Professor Miller.

MUSIC

Mr. J. E. Dorsey

1-2. Science of Harmony. I

Instruction in the rudiments of music and elementary harmony, including a study of system in musical notation.

3-4. Advanced Harmony. I

A continuation of Course 1-2 with the addition of original composition.

5. Elementary Counterpoint. Not given in 1933-1934.

A harmonic approach to contrapuntal knowledge. Motive development and the small invention; four parts.

7-8. Musical Form. Not given in 1933-1934.

The elements of musical form; theme and variation, rondo-forms, sonata forms. Pre-requisite Courses 1-2, and 5.

9-10. Music Appreciation.

Learning to hear music and to develop the power of thinking in definite terms concerning music heard or performed. The teaching is based upon the methods of literary criticism. Lectures and discussions in connection with rehearsal periods aided by instruments, voices and the phonograph. Open only to students belonging to the Lincoln University Musical Club.

11-12. History of Music.

GROUP 15.**RELIGION AND ENGLISH BIBLE**

Under this heading are grouped the courses intended primarily for undergraduates, and also the courses of the Theological Seminary which are open to students of the College.

Professors S. C. Hodge, G. Johnson, President W. H. Johnson, R. M. Labaree, and P. S. Miller*

1-2. Christian Doctrine. 2 hours. H

A survey covering all the topics treated systematically in the Reformed Theology. Lectures, discussions, papers and assigned reading.

Professor G. Johnson.

3-4. History of Missions and Comparative Religions. Not given 1933-1934.

Professor Labaree.

5. Philosophy of Religion. 2 hours. Not given 1933-1934.

President W. H. Johnson.

7-8. English Bible. General Survey of the Old Testament. 2 hours. H

A course open to Freshmen and repeated each semester.

Professor Hodge.

9-10. Life of Christ. I. and II. F and H

A year course planned for Sophomores, in two divisions, beginning in September and February.

Professor Hodge.

11-12. Apostolic History. D

A course intended for Juniors and Seniors, but open also to others at the option of the instructor.

Courses 9-10 and 11-12 are given in sequence and are year courses, so that students who so desire may take two successive semesters in Bible.

Professor Hodge.

13-14. Religious Education. 2 hours. F

A course following the prescriptions of the Standard Leadership Training Curriculum of The International Council of Religious Education, and intended for students preparing for leadership in the Christian churches.

Professor G. Johnson.

GROUP 16.

*Professor G. C. Wright**

1-2. Elementary Spanish. F

The elements of grammar, composition and pronunciation. The reading of easy modern Spanish authors is introduced as early in the course as possible.

3-4. Intermediate Spanish. H

Careful reading of modern authors. One period a week is devoted to the review of grammar.

5-6. Introduction to Spanish Literature. (Course 1.) I

General review of Spanish literature; careful reading in class of texts chosen for their literary value; reading outside the class period of assigned authors.

7-8. Spanish Literature. (Course 2.) Modern Prose

Writers. Freshman Orientation. I

The Humanities. 4 hours. E

An orientation course in western culture required for Freshmen. Three hours of lectures each week by members of the faculty and one hour of sectional conferences. The course aims to prepare the student for the intensive work expected of him during the succeeding years of the curriculum in Language, Literature, History, Philosophy, and Social Science.

PART III. THE THEOLOGICAL SEMINARY

HISTORY OF THE SEMINARY

The entire work of Lincoln University had its origin in the heart and conscience of John Miller Dickey. It sprang from a clear, intelligent conviction that the Negro race, here and in Africa, must be supplied with a class of well-educated Christian leaders, thoroughly trained. Ashmun Institute was granted a charter in the year 1854 to give academical and theological education to young men of the Negro race. It was dedicated to this object, and opened for instruction December 31, 1856. Ashmun Institute continued its work for nine years. It was without a fixed curriculum or graded classes, and yet it did excellent work, although no student was formally graduated nor was any honorary degree bestowed. Theology was taught with the academic studies, and in this way about thirty men were trained, of whom twelve were ordained to the ministry in this country. Five of these became missionaries to Africa.

Ashmun Institute was organized before the Civil War. It was planned for free Negroes only, the slaves being utterly inaccessible. When they were set free, the Church recognized that Ashmun Institute was quite inadequate to supply their great and pressing need of churches and schools, preachers and teachers. Therefore, in 1866, Lincoln University was organized, the same as Ashmun Institute in spirit and scope, but with a wider compass. In 1867 the Theological Department was begun with a provisional course of study for two years. This course was extended in time to cover the usual three years of theological studies, and in 1871 the General Assembly of the Presbyterian Church in the United States of America adopted the following action (Minutes for 1871, p. 581): "RESOLVED, That the General Assembly accept the oversight of the Theological Department of Lincoln University, as provided in the amended charter of that Institution."

THE SEMINARY YEAR

The Seminary year is the same as the University year already explained. Examinations are held at the close of each semester, and the system of grading is the same as in the College. Reports of each semester's work are sent to each student by the Dean of the Seminary, and will also be sent to Presbyteries and other properly constituted church authorities when desired.

SEMINARY CHARGES AND SCHOLARSHIP AID

The Seminary Charges are as follows:

Tuition, per year	\$60.00
Room, Heat and Light	50.00
Board	150.00
Fees	20.00

All students regularly enrolled in the Seminary will be given \$200.00 of scholarship aid.

Students having the bachelor's degree from a recognized College, who maintain a creditable standing, and who do not receive aid from other sources may be granted \$80.00 of additional aid, in return for which they may be assigned to tutoring or instruction through the office of the Dean.

All expenses for text books, laundry, travelling and personal needs must be met by the student.

RELIGIOUS SERVICE AND ACTIVITIES

The Seminary students enjoy all the religious privileges of the University. Voluntary devotional exercises and mission study foster spiritual impulses, and community and church service afford a practical outlet to the religious life.

The Theological Lyceum, of which all theological students are members, holds weekly meetings.

PRIZES

The Miss Lafie Reed Prize in Sacred Geography, consisting of ten dollars, is given to that member of the Junior class who maintained the best standing in the course

of Sacred Geography and passed the best examination. A second prize of five dollars is also given in the same subject.

Awarded in 1932-1933 to A. A. McKenzie and M. F. Adams.

The R. H. Nassau Prize, consisting of fifty dollars, is given to that member of the Senior class whom the Faculty shall select as best exemplifying the ideal of the Theological Department of Lincoln University in scholarship and personality. The student selected shall present an essay of not less than 500 words based on the life and work of the donor, the Rev. Robert Hamill Nassau, M. D., S. T. D., of the West Africa Mission.

Awarded in 1932-1933 to E. L. Cunningham.

TERMS OF ADMISSION

In order to be admitted to matriculation and enrollment as a student in the Seminary, the applicant for admission must present to the Dean of the Seminary the following credentials:

1. A letter from the pastor or session of the church of which he is a member, stating that he is in full communion with the church, is of good conduct and high character, and that he possesses aptitude for theological study. Or, if an ordained minister, a letter from the church body to which he belongs, stating that he is in good and regular standing.

2. A college diploma or a certificate of the completion of a regular course of academic study.

Blank forms upon which to make application for admission will be furnished on request by the Dean of the Seminary.

ADMISSION TO ADVANCED STANDING

A student who has taken part of the theological course in another seminary will be received to the same stage of the course on his presentation of a letter from that seminary certifying to his good standing, stating the courses he has completed, and regularly dismissing him to this Seminary. He must also comply with the terms of admission set forth in the preceding paragraphs.

GRADUATE AND OTHER STUDENTS

A student who has completed the regular course of study in another seminary may be admitted provided he present a certificate to that effect from that seminary. No graduate of any theological seminary, however, shall be eligible to scholarship aid.

An ordained minister, who has not completed the regular courses of study in a theological seminary, may be admitted to the privileges of the Seminary upon presentation of credentials from an authorized ecclesiastical body attesting that he is in good and regular ministerial standing. The hospitality of the Seminary may also be extended to accredited persons who may desire to pursue special studies.

THE COURSE OF STUDY

The course of study is designed to meet the educational requirements for the ministerial office as laid down by the Presbyterian Church in the U. S. A. These in brief demand the possession of a bachelor's degree from an accredited college or university, and a minimum of two years of study in a recognized theological school. The theological department of Lincoln University, recognized by the General Assembly of the Presbyterian Church in the U. S. A. as one of its standard seminaries, gives a three years course in the Bible in the vernacular, theology, church history, New Testament Greek, Hebrew, Old and New Testament Exegesis, practical theology such as preaching, pastoral work, church management and religious education.

Students who hold the degree of bachelor of arts or its equivalent from an accredited institution receive the degree of bachelor of sacred theology (S. T. B.) upon completion of the full theological course. Students who cannot present the complete college preparation, may if admitted, receive a certificate of the work actually completed.

The studies of the course are arranged in logical sequence, and are distributed through three years in such manner that thirty semester hours should be taken each year. A minimum of ninety semester hours is required for the degree.

The courses are distributed into the following groups:

- I. Old Testament (in the original)
- II. New Testament (in the original)
- III. English Bible
- VI. Church History and Missions
- V. Apologetics
- VI. Systematic Theology.
- VII. Homiletics and Practical Theology

No student will be advanced into the middle or second year class who has not completed at least 26 semester hours; and no student will be counted a member of the Senior or third year class who has not completed at least 56 semester hours.

Many courses in the College department of the University are open to Seminary students, and may be profitably pursued by qualified men. All such optional work, however, must be approved by the Dean of the Seminary and the Dean of the College.

THE DEGREE OF A. M. IN THEOLOGICAL STUDIES

The degree of A. M. in Theological Studies will be granted under the following conditions:

1. All candidates for the degree must hold an A. B. degree from an acceptable institution.
2. No student will be considered a candidate for the degree until he has completed 32 semester hours of work in the Theological Seminary of Lincoln University.
3. The student must maintain a general average of second group in his regular seminary work.
4. The candidate must complete 12 semester hours of work in a major subject, in addition to the regular Seminary course.
5. The candidate must satisfy the department of modern languages that he has a knowledge of French or German sufficient for the reading of publications in his subject of concentration.
6. The candidate in addition to passing a comprehensive examination must submit a thesis in his subject of concentration, this thesis to be approved by the Theological Faculty.

DESCRIPTION OF THE COURSES OF STUDY

Courses designated by a single numeral are semester courses (odd numerals are employed for courses given in the first semester, and even numerals for courses given in the second semester). Year courses are designated by an odd numeral and an even numeral joined by a hyphen, and the work of the two semesters constitutes an integral, indivisible course

I. OLD TESTAMENT (IN THE ORIGINAL)

Professor F. H. Ridgley

1-2. Hebrew Grammar and Reading. 4 hours.

The Junior year is given to acquiring a knowledge of the language. The grammatical principles and a good working vocabulary are gained by a rapid survey. The text books used are Davidson, "Introductory Hebrew Grammar", and "Hebrew Syntax". During the latter part of the year selections from the historical books are used.

3-4. Biblical Aramaic. 1 hour.

Elective course. Reading of the Aramaic portions of Ezra and Daniel, and study of selections from the Elephantine Papyri.

5-6. Old Testament History and Archaeology. 2 hours.

The history of the Hebrew people during the period covered by the Old Testament books. The relation of Israel to the surrounding nations and the light cast on the Scripture narrative by recent archaeological discovery. Price, "The Old Testament and the Monuments," is the text, with a syllabus to guide the student in the use of the literature of the field.

7-8. Old Testament Introduction. 1 hour.

The canon and text of the Old Testament; introduction to the Pentateuch, the historical books, the poetic books and the prophets.

9-10. Exegesis of Amos and Isaiah. 2 hours. Not given 1933-1934.

Training in correct exegetical methods and their homiletic value. Courses for Middlers and Seniors.

11. Biblical Theology of the Old Testament. 2 hours.

This course aims to aid the student to develop a Biblical theology and to settle constructively the critical and theological problems which all reflective study of the Old Testament must meet. Given in alternate years to Middlers and Seniors.

12. Old Testament Prophecy. 2 hours. Not given 1933-1934.

A study of the origin, development and message of the Hebrew prophets. Given in alternate years to Middlers and Seniors.

II. NEW TESTAMENT (IN THE ORIGINAL)

President W. H. Johnson

1-2. New Testament Greek. 2 hours.

For beginners in Greek; grammatical study of New Testament Greek, and practice in reading. May not be counted towards the hours required for the degree.

3. New Testament Language, Text and Canon, and Exegesis of The Epistle to the Galatians. 2 hours.

4. Apostolic History. 2 hours.

5. The Gospel of Matthew. 2 hours. Not given 1933-1934.

6. The Epistle to the Hebrews. 2 hours. Not given 1933-1934.

7. Studies in the Gospel of John. 2 hours. Not given 1933-1934.

8. Pauline Theology.

A study in Biblical Theology with exegesis of select passages from The Epistle to the Romans and other Pauline Epistles.

III. ENGLISH BIBLE

Professor S. C. Hodge

1-2. The Books of the Bible. 2 hours.

The contents, general character, central message and authorship of the books of the Bible. The course extends over two years.

- 3-4. The Religion of the Old Testament. 2 hours. Not given 1932-1933-1934.
Elective course open to all classes in the Seminary.

IV. CHURCH HISTORY AND MISSIONS

Professors R. M. Labaree and P. S. Miller

1. History of the Ancient Church, 100-590 A. D. Not given 1933-1934.
2. The Mediaeval Church. Not given 1933-1934.
3. The Reformation Period. 3 hours.
Professor Miller.
4. The Modern Church. 3 hours.
Professor Miller.
5. History of Missions. 3 hours. Not given 1933-1934.
Professor Labaree.
6. Seminar in XIX. Century. Church History. 2 hours.
Professor Miller.

V. APOLOGETICS

*Professors S. C. Hodge and R. M. Labaree
President W. H. Johnson*

1. Philosophy of Religion. 2 hours. Not given 1933-1934.
President W. H. Johnson.
2. Christian Evidences. 2 hours. Not given 1933-1934.
Professor Hodge.
3. Comparative Religions. 3 hours. Not given 1933-1934.
Professor Labaree.

A survey course covering all the topics usually treated in the Reformed theology.
- 3-4. Systematic Theology. 2 hours. Not given 1933-1934.
The content of this course varies from year to year.

VII. HOMILETICS AND PRACTICAL THEOLOGY

*Professors S. C. Hodge, G. Johnson, F. H. Ridgley and
Mr. J. E. Dorsey*

1-2. Homiletics. 2 hours.

Professor Ridgley.

Prescribed course for Juniors. Principles and methods of the composition and delivery of the sermon. Instruction by text book and preaching before the class.

3-4. Homiletics. 2 hours.

Professor G. Johnson.

A course for Middlers and Seniors. Course 1-2 presupposed. Preaching before the professor and the class, and on Wednesday evenings before a general audience in the University Chapel.

5-6. Pastoral Theology and Church Government. 1 hour.

Professor Hodge.

The problems of the pastor and the various phases of ministerial work; the methods of individual soul-winning and the memorizing of appropriate Scripture texts; the conduct of worship; church organization and administration; the principles and forms of church government. Required collateral readings and preparation of theses on assigned topics.

7-8. Religious Education. 2 hours.

Professor G. Johnson.

A course following the prescriptions of the Standard Leadership Training Curriculum of the International Council of Religious Education, intended not merely for the training of the prospective pastor in the technique of teaching the Christian religion, but also to fit him to train others. (Identical with Religion and English Bible 13-14 in College curriculum).

9-10 Hymnology. 2 hours

Mr. Dorsey.

This course (identical with Music 11-12 in the College curriculum) is to meet the needs of church leaders. Half of each period is devoted to the sight singing of hymns, and half to lectures and discussions of the great hymns, hymn writers and the history of hymnody in the Christian Church.

11-12. Christian Sociology. 2 hrs.

This course is a general survey of the nature and problems of sociology from the standpoint of Christian society. In the first semester the theoretical foundations of sociology will be studied. In the second semester, the realities of human inter-social relations will form the basis of our studies with specific reference to the Negro problem in the United States.

Mr. Azikiwe.
