

Pennsylvania Uniform Crime Reporting - 2024

The [Pennsylvania College and University Security Act of 1988](#) governs the responsibility of Pennsylvania institutions of higher education to report crime statistics and rates and to provide descriptions of security policies and procedures to applicants, matriculated students and employees. Each institution is required annually to report crime statistics and crime rates (per 100,000 FTE students and employees) to the State Police for publication in the Pennsylvania Uniform Crime Report (UCR). Colleges and universities are required to maintain a daily log of campus crime activity and make it available for public review.

If you believe there has been a violation of one or more of the provisions of the Pennsylvania College and University Security Information Act, you may file a complaint at the Department of Public Safety. The complaint will be forwarded to the Director of Public Safety, who will respond in writing to the complainant within five business days from the date the complaint is received. If, after receiving the reply to the complaint, you still feel that a violation has been committed and not corrected, you may appeal to the Vice President for Student Success.
