February 7: Summer Research Internship

Marshall University Joan C. Edwards School of Medicine Graduate Program is offering the Summer Research Internship for Minority Students for its 12th year! The SRIMS program includes nine weeks of graduate-level research in the field of biomedical sciences. Participants receive formal research training while expanding their learning experience through workshops, seminars on current topics, mentoring and professional networking. A stipend of \$3,000 will be provided to each participant for the nine-week experience.
