

DMS Student Accepted to Multiple Graduate Programs, Scholarships

DMS student Aangoo Tucho has received offers of admission to two prestigious graduate programs for next year: The Computational Data Science MS program at Temple University, and the Financial Analytics MS program at Bentley University's McCallum Graduate School of Business.

Mr. Tucho was one of seven DMS students who attended the Discover Bentley program in October. In addition to securing admission to the McCallum Graduate School of Business, Mr. Tucho was also offered a Discover Bentley scholarship, which would cover 80% of his tuition for the program.

The department would like to take this opportunity to offer its congratulations to Mr. Tucho for his great achievements. While Mr. Tucho is still waiting to hear from other programs before making his final decision, we are confident that wherever he goes, Mr. Tucho has a bright future awaiting him.

DMS Hosts End-of-Year Party

On Monday, December 9, the department held an end-of-year party for faculty and staff to celebrate another successful semester. The event offered an opportunity for the department's employees to unwind with for an afternoon with cheese, bread, and drink before heading into the fall semester's final exam period.

Congratulations to all of Lincoln University for another successful semester.
